Going deeper on your own: This week read Nehemiah chapters 1-10. This is a great lesson on building God's dream. As you do, imagine you were alongside Nehemiah. Imagine all the steps he took, the provisions God made, the strategic planning Nehemiah carried out, the opposition he encountered and the victory he and the Israelites experienced. Now think about the journey of the *A Daring New Day* here at CPC. Think about the similarities, think about the process and principals God set forth before Nehemiah and how they are being lived out today. What is your role in this journey? How are you helping fulfill God's dream? If you're not involved, join our Lord in His Daring New Day.
